Step 2: Enable TDS

To enable **TDS Feature** for a company, Tally.ERP 9 provides you a unique feature called **Quick Setup**.

Quick Setup is a Single Window Statutory Masters Configuration Screen. This tool guides the starters to configure statutory masters required for the effective use of a particular statutory module.

To **Enable TDS** and to provide **Company TDS Dedcutor Details**

Go to **Gateway of Tally > Quick Setup > Tax Deducted at Source**

Quick Setup - Tax Deducted at Source will be dispalyed as shown

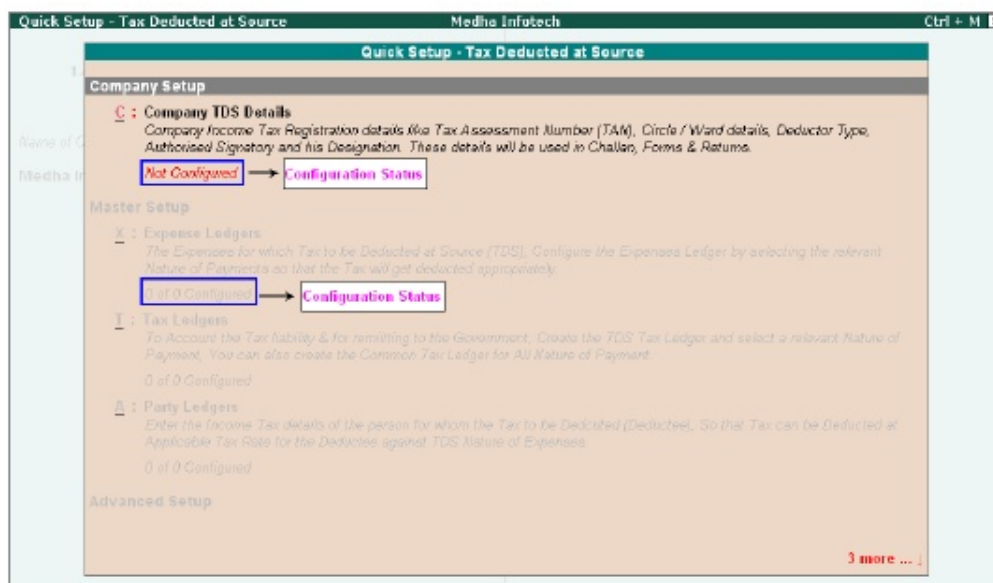

Figure 1.2 Quick Setup – Tax Deducted at Source

From **Quick Setup** screen user can make required **basic configurations** like, **company TDS details** and **masters** to account statutory transactions. It also allows making **advance configurations** wherever applicable.

Configuration details will be displayed below the setup options once the configuration is done other wise application will display the status as **Not Configured** for **Company Setup** and **0 of 0 Configured** for **other setups** (Masters/Advanced setup).
